OTHC APRIL 2015 SCAVENGER HUNT RESULTS

1. Ken Dewerson - Found 19/20 items.
2. Paul Snider - Found 15/20 items.

OTHC MAY 2015 CONTEST

At the May meeting, Huntmaster Syd Birch placed all 20 items from the Scavenger hunt on individual pieces of paper for all the members to draw from. The member must now use their metal detector to find that item before the next meeting. If the item they received is too difficult for them to find, Syd mentioned they then have to find a coin with their birth year.

POWELL BEACH CLUB HUNT

There were 10 members who came out for a fun day. We started with a seeded hunt which included approximately 400 coins, including green tokens that were planted. If you found a green token you then had to come back to the table and trade it in for a playing card which had either a silver or a clad coin taped to the other side of it. Ken Dewerson cleaned up by finding 9 tokens for cards that had all silver coins attached, six dimes and three quarters. We then broke for a bbq lunch and then had time to detect the park.

MONTHLY CLUB HUNT COIN

Every time our club has a hunt, there will be clues given out on finding the coin. The person who finds the coin is rewarded with a silver quarter, gets to replant the coin at the next club hunt and give out clues prior to hunting. Ken Dewerson gave us clues at the Powell Beach club hunt which read; Get off the sand, I am in the ground. Head for the Gemstone with a Racket, Look up for tree 10, you are close. Look down for 5 minus 1 in the middle, Take 2 paces toward #1, I am under the Silver Bullet. I may be a Golden Plastic \$1, but I am worth a Silver Quarter. Congrats to Bob Omand on finding the coin.
