

OKANAGAN TREASURE HUNTERS CLUB JULY 2019 NEWSLETTER

The Loonie Lotto

Contest: Every monthly meeting, members who have found Loonies during that month (from the last meeting to the current meeting) choose one of them to enter the contest and that Loonie will go in a pot. One token representing each year a Loonie was minted is put into a jar and one is drawn. The member who has the Loonie of the same year as the Token wins the Pot.

Rules:

- The Loonie entered must have been found while metal detecting.
- Only a Loonie found after the previous monthly meeting can be entered.
- Only one Loonie can be entered per game. So if you found several...choose one but the others cannot be entered at the following monthly meeting.
- Each Member places his or her Loonie on the table where the Hunt Master can see it.
- Hunt Master draws one Token from the Token Jar
- The Member with the corresponding year wins all the entered Loonies.
- If more than one winner, the Pot is divided accordingly.
- If no one has the winning Loonie, all Loonies go into the Pot and the Pot is carried to the next Monthly Meeting.
- The Token that was drawn is retired from future draws. So pay attention not to enter a year already called. Check the monthly newsletter!
- A Member who joins the game after having missed one or more meetings must equalize their entries into the game by contributing as many Loonies as meetings missed. Tip #1: If you find more than one Loonie during the month, remember that the mintage of loonies varies widely from year to year. If you can, it would be a smart play to enter a year with the lowest mintage. Then hope that most of the other players enter a loonie from one of the higher mintage years. When your year is drawn, you may not have to split the pot.

Loonie Draw - 2018, 2014, 2007, 2005, 2004, 2002, 1996 and 1987 are now retired.

Next OTHC Club Meeting - Tuesday, August 20, 2019 @ 7:00 pm
@ Penticton Library Auditorium
